1 Frame
Student states a phenomenon and writes directives
2 Generate
Loop drafts candidates across seven theorizing logics
3 Commit
Student rates each candidate before seeing model scores
4 Reveal
Tier, confidence, novelty, and feasibility gate are shown
5 Decide
Keep, revise, or discard, with a written reason
6 Review
Mentor reviews the judgment log; student revises directives
Next round with revised directives
Taste Arena practice: judge pitches with archived expert and institutional outcomes
Exploration lane: unusual ideas kept for mentor review (evaluator-free rule)
Replayable record: every prompt, score, decision, and reason is logged
